Arcadia residents form new auxiliary

Floretta Lauber pours for new VNA Auxiliary members

Mrs. Lauber, Ruth Gilb, Roni Eventoff and Carol Libby

A group of Arcadia residents formed an ad hoc committee, headed by Carol Libby, in November, 1980, as a prelude to forming a local auxiliary for the Visiting Nurse Association of Pasadena and San Gabriel Valley (VNA).

Subsequent meetings took place in February and May, 1981, and members serving on this committee include: Roni Eventov, Floretta K. Lauber, Jane R. Shepherd, Ruth Gilb, Dorothy K. Dowd, Jean Cope, Marilyn Sargis, Sue Newton, Jill Beley, Carolyn Stuart, Marilyn L. Daleo and Eleanor Johnson.

Alicia Quiroz, executive director, and Bernard Herman, chairman of the board of the VNA, have acted as laisons and were instrumental in the ad hoc committee forming an auxiliary in May after voting on by-laws and officers.

The VNA is a non-profit agency which serves 15 communities in the San Gabriel Valley. It provides professional nursing care and other therapeutic services to the sick in their homes under the medical direction of the patient's physician.

Auxiliary members are [illegible]ly planning a gourmet brunch scheduled on Sunday, June 28, from 11:30 a.m. to 2:30 p.m. at the home of Roni Eventov, 55 Woodland Lane, Arcadia.

For further information, call the VNA office at 795-770[illegible]

The stylish springtime "Marvelous May Brunch," put on annually by members of Alpha Auxiliary of Methodist Hospital Foundation attracted a capacity crowd May 2 at the San Gabriel Country Club.

The brunch is the year's main fund-raiser for the group, which supports Arcadia Home Nursing and Health Services. President Fran Atwood welcomed members and guests and spoke of the group's commitment to helping fill the increasing demand for home nursing services in the area.

Auctioneer Dave Teigen disposed of a record number of items, from a Catalina Island vacation to a cord of wood.

A turn of the century fashion and trivia show, with commentator Sandy Snider, history curator at the Arboretum in Arcadia, provided an elegant footnote to the event. Arcadia Court Visits Hospital

Miss Arcadia and her court decided they wanted to do something special for a select group of people in Arcadia, beyond the scheduled ribbon cuttings and appearances they made in the city throughout the year.

So as per Queen Laura Ursettie and Princesses Brooke Hobbs, Corrie Broge, Michelle Mouton and Sabrina Fox, arrangements were made for them to visit the Transitional Care Unit (TCU) of Arcadia Methodist Hospital. The TCU is an area of the hospital where patients are in transition, out of regular hospital care but not yet ready to go home.

According to ArcadiaTournament of Roses Court Advisor, Carmen Thibault, "The patients were all thrilled that these young ladies took time to visit with them and to wish them a Merry Christmas."

Hospital employee Norma Reynolds took polaroid photos of the Court with each patient for memorabilia.

"The girls wanted to do something special with people who might be alone over the holidays," explained Ms. Thibault of the generosity the Arcadia Court showed each and every TCU patient.

Glasser, Miller & Lamb

By Lynne Eodice

In business since the 1940s, this venerable mortuary has had a tradition of caring and has been—at least in part — in one family for many of these years.

"The building itself was built in the '40s," explains Vice President Mike Lamb. "It was originally built as a chapel for weddings and funerals—but not in that order!"

However, the chapel, begun by Frank Glasser and Harold Johns, didn't do very many weddings so they primarily dealt with funerals.

Harold Johns left the business after the first year, selling his interest to Albert Miller, Mike's father's uncle. The mortuary was then named Glasser & Miller. In addition to being a mortuary, they also offered an ambulance service in the 1950s.

Although both Glasser and Miller have since passed on, their names remain along with that of the current President, Frank Lamb, who bought the business in 1967.

Mike Lamb would pinch-hit whenever needed back in 1969, back in the days when he was going to Cal State L.A. He coached seventh and eighth graders around this time at a Catholic school in San Marino. "I also did Junior All-American Football and Senior League Baseball," he recalls.

After helping out many evenings at the mortuary, he finally joined the family business in approximately 1972. Today he is Vice President of this full service mortuary, which, according to Lamb, offers "burial services, cremation, etc. to all faiths."

Frank, President and owner, still remains active in the business along with his wife Jackie, who is the secretary for the mortuary.

Mike and his wife, Debbie, live near Glasser, Miller & Lamb along with their daughter Melissa, a junior at L.A. County High School for the Arts, and their son Nick, who is in the band at Arcadia High School.

Mike Lamb, V.P. of Glasser, Miller & Lamb, in the chapel. Photo by Lynne Eodice.

Melissa can currently be seen at the Sierra Madre Playhouse in their current production, *Dinner At 8*. According to her proud father, the play is enjoying "sell-out crowds and good reviews!" On a more serious note he added, "I don't know how this will affect her grades—I guess we'll know in a few months."

A jovial man, Mike Lamb is very involved with the community of Arcadia, and is in total support of the arts.

He is on the Arcadia School Board. Unsure of being re-elected to his post of vice-president of the school board in April, he says, "I would miss not being able to speak out on behalf of the arts." He is also very excited about the entertainment project that the racetrack is currently proposing. So much so in fact, that he is Chairman of the Community Advisory Committee that is working with the track to give community input on their project.

SUCCESSFUL BRUNCH — The beautiful wooded garden of Dr. and Mrs. James Getzen was the setting for the second annual brunch of the Alpha Chapter of Visiting Nurse Association of Pasadena and San Gabriel Valley. Yellow and white tables dotted the spacious garden, and these were centered with yellow daisies provided by Carol Libby, liaison for VNA.

Close to 200 attended the brunch and these were greeted by Floretta Lauber, Alpha president, and husband, Harry; Jean Cope, chairwoman, and husband, Perry, and the hosts. Guests included Mayor Don Pellegrino and Gina; former mayor Charles Gilb and Ruth, who returned recently from 23 days in the Orient, and former mayor Dave Parry and Carol Jo. All three women are members of Alpha Chapter. Charles was wearing a lovely shirt made of banana fiber and given to him by Ramon Bogatsing, major of Manila.

The $500 given by Charles was won by Charlotte Dunning; the microwave oven given by O'Keefe and Merritt was won by Paul and Kay Nakamura of Pasadena (he is a member of the VNA board), and the 19-inch Zenith was won by Gino Bruno. Betty Jane was in charge of the silent auction and that was a great success. Helen Manning donated a large silver-plated tray which was won by Mike and Fran Zonver.

The brunch was delicious and it was a delightful affair. All proceeds will go to assist the Stroke Resocialization Program of VNA. Alpha members give a minimum of 12 hours of service a year to VNA. Alpha Chapter now has a full membership of 35 and those petitioning for membership will be put on a waiting list.

OUTSTANDING YEAR — Floretta and Harry Lauber returned from a trip to the Orient in time for Floretta to attend the old board luncheon of Alpha Chapter of the Visiting Nurse Association of Pasadena and the San Gabriel Valley. The delightful affair was held at Chez Sateau and there was much reminiscing over the eventful year.

Floretta, charter president, was presented with a white orchid and a lovely gift. She, in turn presented each lady with a colored handkerchief decoratively folded in a wine glass, and each pastel handkerchief held a cloisonne initial to be worn around the neck. Floretta had brought the handkerchiefs from Scotland. Others at the luncheon were Jean Cope, Jane Shepherd, Mickey Harbur, Louise Shelley, Marilyn Sargis, Dorothy Dowd, Betty Jane Silver and Carol Libby.

Former mayor heads auxiliary

Floretta K. Lauber was installed as president of the Alpha Auxiliary to the Visiting Nurse Association of Pasadena and the San Gabriel Valley for a second consecutive term at a recent champagne reception. The reception at the home of mayor pro-tem and Mrs. Dennis Lojeski, honored 1981-1982 outgoing board members and newly elected board members for 1982-83.

Marguerite Hennacy, president of VNA Board of Directors of Pasadena and the San Gabriel Valley, acted as installing officer. Mrs. Hennacy gave a brief history of the Alpha Auxiliary, the first in the state of California. She complimented the members on their many achievements, especially raising over $4,500 for the stroke rehabilitation program.

Mrs. Hennacy then recognized the charter board members. Mrs. Lauber was recognized as the first president of the auxiliary; Jane Shepherd served as first vice president in charge of membership and the year book Jean Cope served as second vice president in charge of ways and means. Other charter board member serving were: Dorothy Dowd, secretary; Marilyn Sargis, treasurer; Mickey Harbur, parliamentarian; Louise Shelley, historian and Sally Green, luncheons.

Carol Libby, who was the founding chairwoman of the organization, served as board liason, and will continue in that position for another term.

Mrs. Hennacy installed the new board with an exchange of fall flowers. New board members installed with Mrs. Lauber are: Jean Hoard, first vice president; Julia Postle, second vice president; Fran Zonver, recording secretary; Eleanor Johnson, corresponding secretary; Joanna Bruno, treasurer; Mickey Harbur, parliamentarian; Louise Shelley, historian; Jane Moline, luncheons and Pat Inbody, publicity.

The VNA has provided services in the community since 1927. The service area covers 16 cities and some adjacent unincorporated areas of the San Gabriel Valley. The organization has changed with the changing times, beginning as a nursing agency, it now has expanded to offer comprehensive care services. The primary goal is to instruct the patient and the family in the care of the patient. If this is not feasible or safe, the organization will provide care on an ongoing intermittent basis. The VNA staff works under the medical treatment plan of the patient's private physician. A close liason is maintained with him for adjustment in this plan, continued care and discharge from service.

VNA provides mobility f

Like many 13-year-old girls, Julie Kelly has started to experiment with makeup, nail polish and a more grown-up looking hairstyle. Not being treated as someone special is important to Julie, eighth grader at Clifton Middle School in Monrovia.

Born with spina bifida, she is presently unable to walk. Spina bifida is a defect of the spinal column which allows exposure of the spinal cord. Several operations have been performed, initially to correct the defect and later to strenghten and support her spinal column.

Visiting Nurse Association services were requested following her most recent surgery. After the initial physical assesment and health teaching for diet, respiratory function and skin care by a VNA registered nurse, staff Physical Therapist Leone Cornell began working with Julie and her family. Julie has learned, through the help of Ms. Cornell, how to transfer from bed to her Amigo electric car. She has also progressed to using a walker, though she can only move a short distance. Having the strength to function with a walker is a goal she continues to work toward.

The family and Kelley's doctor, as a team, are striving to help her attain as much independence as possible. Ms. Cornell made a visit to Clifton Middle School, which Julie attends and where her father is a teacher, to help Julie plan ways to maneuver her car around the facility. The Kelleys are very much interested in Julie's independence. At their urging, the City of Monrovia has altered all of the corner curbs so that Julie can now drive her electric cart from home to school and back without any assistance.

In eighth grade, Julie began riding her Amigo car to school which is about six blocks away. She is able to do classwork in her car, remaining in it throughout the day.

Being excused to leave class first or allowance for tardiness are two examples of special treatment Kelley sometimes encounters. Although her relations with other students and teachers is not perfect, it is improving. For the most part, she gets along best with friends. "they have had more time to get to know me," she said.

Talking about her other classmates, she finds herself more patient, not as fussy or as easily angered.

Art and science are her favorite subjects. When not doing homework, she likes to draw and make models (usually airplanes). With her mother's help she's also learned needlepoint, and together, they go shopping — "also fun," Julie said, grinning. Julie's mother is an occupational therapist at Methodist Hospital of Southern California in Arcadia. This helps Julie a great deal.

At home, she helps out by taking phone calls, setting the table and of course, making sure to clean her room. Gradually, her mother wants to see Julie learn to cook, though this will take time.

"I get along fine with my three brothers, though I still wish I had a sister," she said. Her parents and brothers have done a great deal to give her confidence, but she explained that she's had to learn many things on her own.

Julie's career ambition is to become a secretary. She looks forward to such an opportunity to be depended upon in a useful way. Her dreams include getting her own car, being on her own and marriage.

Next year, Julie will attend Monrovia High

BRUNCH — Despite the rain, the May Day brunch of Alpha Auxiliary of the Visiting Nurse Association of Pasadena and the San Gabriel Valley was a tremendous success. The guests were most sympathetic, bidding for auction gifts even when the rain came down. The beautiful garden of Councilmember and Mrs. David Hannah was the setting for the benefit and decorations throughout the garden featured the May Day theme.

The auction gifts were varied and lovely and the auctioneers were Ron Hutson, Toot Uchida, Don Pellegrino and Charles Gilb. Sally Green was chairwoman, with Joana Bruno in charge of the auction tables. Others working tirelessly were Mickey Harbur, Fran Zonver, Floretta Lauber and Carol Libby.

Mrs. Lauber introduced Dr. Benjamin Stafford, president of the VNA Board of Directors, and a member of the Methodist Hospital staff. Top prize of the day was $500 and this was won by Lois and Bill Krumm. Generous gifts were given by H.F. Ahmanson, the Downey Savings and Loan, Huntington Bank and Home Savings and Loan.

Alpha is the first auxiliary in the State of California, and the morning after the brunch, Mrs. Lauber, who is auxiliary president, received a call from the VNA in Santa Barbara asking for information as to how to start an auxiliary in that city.

All proceeds will go toward the much-needed home care service and financially needy stroke and other disabled individuals. These services include medical social work, physical and speech therapy, homemaker services and provisions for adaptive equipment and wheelchair ramps. Mrs. Lauber expressed the appreciation tforthe auxiliary for the wonderful community support.

Alpha Auxiliary starts fund for assisting Pasadena VNA

The poolside garden of Angela Supp on Oakwood Drive in Arcadia was the setting for the general membership meeting of Alpha Auxiliary of the Visiting Nurse Association of Pasadena and the San Gabriel Valley.

Highlight of the event was when Floretta Lauber, president, presented a check for $6,000 to Marguerite Hennessey, representative of the board of directors of VNA. The money had been raised through the successful Alpha Auxiliary May Brunch and Auction with special donations from H.F. Ahmanson & Co., Downey Savings and Huntington Bank.

Marcia Bent, auxiliary liaison, read a letter addressed to members from the VNA Director of Nursing thanking them for their "hard work and great success."

The money will be used to institute a fund to pay for home bedcare and medical equipment for the disabled in need. It will be an ongoing fund set up in the name of Alpha Auxiliary. Without the support of many friends and the community, members say the fund would not be possible.

A gourmet luncheon was served poolside following the meeting.
